

Kiser, Hartwig, Inc. & Okuma Partners in Kansas

After working 35 years in the aerospace industry, Jerry and Debbie Kiser decided to go into business for themselves and started Kiser Manufacturing in 1996. Making Argonia KS their home, Jerry and Debbie have successfully grown their business into a 10,000 SF shop, employing 25 plus people, which has been internationally recognized with the aerospace quality registration, AS9100. Kiser Manufacturing specializes in small to medium sized aircraft parts working with companies such as Boeing, Cessna, Lockheed Martin, and Raytheon.

Kiser's relationship with Hartwig Inc. began in 1996 with their first purchase of an Okuma MX 45, over the next several years the Kiser Hartwig relationship grew as did the business. They have added another MX 45, 2 Okuma Crown lathes, 1 Okuma Captain Lathe, 3 MC-4020's, an SNK 5 axis, a Zeiss CMM, and their most recent purchase of an MA-400H Horizontal machining center. Kiser Manufacturing is a leader in the industry and Hartwig Inc. has been instrumental in keeping KMC on the cutting edge of technology in the CNC machining world.
